Dear Mr Wellberg:

My name is Joseph Quagliata and I wrote to you sometime ago regarding the J.F.K. assassination and your book called Post Mortem. I have been so busy with school that I havent had a chance to thankyou for replying back to me.

The reason I am writing to you again is I would like your opinion on and idea I had for sometime now. I was thinking of organizing a J.F.K assassination convention. (there of course will be talk of other assassinations) we could have talks, debates, slides, guest speakers and other possable ideas. The date it would be held will be the last weekend in November. The money we make off this could be donated ~~to~~ a J.F.K legal fund.

So I was wondering what you thinl of the idea and if you would be willing to help me get it off the ground. ~~Joe~~

Thank you

Joseph Quagliata

P.S. We will need donations and maybe you can think of some organizations or people that could help. We will try to find a way to get it tax deductable.
